Education:

- Madan Mohan Malaviya University of Technology, Gorakhpur** 2027
BTech in Mechanical Engineering CGPA: 6.41
- Indian Institute of Technology, Madras** 2027
BS in Data Science and Applications CGPA: 7.53
- KV Old Cantt, Prayagraj** 2021
Class 10th - CBSE Percentage: 93.4

Experience:

- BHEL HERP** May 2026 - June 2026
Summer Intern Varanasi
 - Gained hands-on exposure to manufacturing and refurbishment processes of heavy electrical and propulsion equipment.
 - Examined production planning and shop-floor workflow to understand manufacturing efficiency.
 - Analyzed production workflow, safety standards, and quality assurance procedures to understand large-scale manufacturing operations.
 - Gained practical knowledge of industrial maintenance, safety compliance, and quality management systems.
- IFFCO PHULPUR UNIT** June 2026 - July 2026
Summer Intern/Vocational Trainee Prayagraj
 - Gained practical exposure to fertilizer manufacturing processes and plant operations in a large-scale chemical process industry.
 - Studied the working principles, operation, and maintenance of steam turbines used in industrial power generation.
 - Developed a project report on Steam Turbine, enhancing technical understanding of thermal systems, industrial utilities, and power generation equipment.

Projects:

- BDM Capstone (IITM) – B2B & B2C Dairy Analytics** March 2025-June 2025
Project Link: [Link](#)
 - Tools & technologies used: Python, SQL, Machine Learning, Excel, Visualization tools
 - Awarded Best Capstone Project by IITM for delivering measurable business impact through data-driven sales and inventory optimization.
 - Built an end-to-end ML pipeline on 848+ real transactional records — engineered features across seasonal demand cycles, SKU mix, and B2B/B2C segmentation using Pandas and Scikit-learn.
 - Improved forecasting accuracy by ~18%, enabling 12% fewer stockouts and 18% better gross margin visibility.
- Text Classification & NLP Pipeline (MLP Project – IITM)** Feb 2026 - April 2026
Project Link: [Link](#)
 - Tools & technologies used: Python, Scikit-learn, NLP, TF-IDF (Word & Character Level), Logistic Regression, LinearSVC, Naive Bayes, LightGBM, Pandas, NumPy
 - Built an end-to-end NLP pipeline using TF-IDF (word & character level) to classify large-scale text data
 - Engineered features like word count, vote ratio, and sentiment indicators to improve model performance
 - Trained and compared multiple models (Logistic Regression, LinearSVC, Naive Bayes, LightGBM), selecting best via validation.

Skills:

Programming Languages: Python, SQL, Java, C
Data Analytics & AI/ML: Machine Learning, Predictive Analytics, Statistical Analysis, Data Visualization, Exploratory Data Analysis (EDA).
Engineering & Manufacturing Analytics: Process Optimization, Production Data Analysis, Quality Monitoring, Root Cause Analysis, Performance Measurement
Tools & Technologies: MS Excel, Power BI, Jupyter Notebook, Git, GitHub, VS Code.
Libraries & Frameworks: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn.
Databases: PostgreSQL, MySQL, SQLite3
Soft Skills: Problem Solving, Analytical Thinking, Communication, Team Collaboration, Technical Documentation
Relevant Coursework: Machine Learning, Statistics, DBMS, Data Structures & Algorithms, Probability & Linear Algebra
Areas of Interest: Manufacturing Analytics, Industrial AI Applications, Process Optimization, Data Science, Machine Learning, Operations Analytics

Position of Responsibility:

- . **Executive Member, FLUX MMMUT** *Sept 2025 - ongoing*
- . **Executive Member, Ecell MMMUT** *June 2024 - ongoing*

Achievements:

- . **Diploma level Certificate – IIT Madras:** Completed advanced coursework in machine learning, data analysis, and real-world data-driven problem solving. [Link](#)
- . **Best Capstone Project Award – IIT Madras:** Recognized for outstanding performance in the BDM capstone, highlighting innovation, technical rigor, and practical business impact. [Link](#)
- . **Deloitte Data Analytics Virtual Internship Certificate:** Simulated a real-world analytics workflow covering ETL, data cleaning, business reporting, and stakeholder presentations. [Link](#)
